## THE DESIGN PROCESS

### CONSULT

This step will give us both a chance to get to know one another and make sure we are a good fit. At the end of the consult, you will have a chance to reserve a spot in my calendar.

### BOOKING

You say "Let's Book!" I then will create a full project outline in an invoice form with a contract that must be signed. You will also receive a Welcome Kit filled with valuable information!

### HOMEWORK

Typically 4-5 months before your wedding date, a detailed questionnaire will be emailed to you to gather all of the important information regarding your wedding day.

### DESIGN

Once I receive your questionnaire, I will get started on your custom design package. You will receive digital proofs of your wedding stationery via email in 2-4 weeks.

### PROOFS

Once the digital proofs are approved via email, you will receive one physical printed proof that is mailed directly to you before we pull the trigger on printing the entire collection.

### COMPLETION

Once the physical proof is approved, you will receive a final invoice via email. Payment will need to be paid in full before your complete suite is printed + mailed to your doorstep.

## NON-REFUNDABLE RETAINER FEE

MFH accepts payments by PayPal, Cash, or Check payable to Juliann Ford. Send snail mail payments to: 706 Lynn Street, Chippewa Falls, WI 54729

When you book with MFH, you are required to pay the non-refundable (1) Package Design Fee. This non-refundable retainer fee is MFH's way of securing your spot in my calendar, holding your package price, and making sure you are serious about moving forward. I often book my projects several months ahead of time and scheduling is key to making sure I give all of my clients the proper amount of time their project deserves. With that, I often turn away clients for your reserved time slot. Therefore, if you back out, it may leave an empty spot that could have been given to another project.

If you feel we are not creating the design and look that you wanted to achieve, you will not be required to pay the (2) Final Payment or any remaining print fee balance.

## KNOWLEDGE & EXPERIENCE

Everything designed by MFH is completely subjective; however, these designs are created by a professional designer with a keen eye for outstanding (and unique!) design. In order to achieve a successful suite, please let me be the expert when it comes to specific fonts, layout and formatting, styles, and overall design. I have a brand I need to protect and I must stay true to who I am as a designer. Thank you in advance for trusting and understanding.

This stationery guide is for reference only. Services are not limited to the previous listings. Contact MFH for a custom quote on your project. All pricing and project details are subject to change.

## WHY MINT FOR HUE

I launched Mint for Hue with the intentions that couples do not have to settle for templated, cookie-cutter wedding stationery. Every package that I create is totally custom since your love story is unique in it's own way. Shouldn't your wedding stationery be the same?

Mint for Hue is stress-free custom stationery meant only for you. I take your love story & your wedding vision and make it come to life on paper. After all, your wedding invitations are the first thing your guests see when it comes to your big day—why not make that first impression a good one.

---

From the bottom of my heart, I want to truly thank you for taking the time and consideration into custom wedding stationery. It is my promise to take any stress off of your hands when it comes to your wedding invitations and day-of items.
